- a. Lease/purchase price to reflect amount of dealer / manufacturer purchase credit.
- b. Available while funds last. Limit one certificate per individual, two certificates per electric account.
- c. Must be enrolled in California Alternate Rates for Energy (CARE) or Family Electric Rate Assistance (FERA) programs.
- d. Subject to State of California program rules - visit www.https://cleanvehiclerebate.org.
- e. Funds come from the State of California Low Carbon Fuel Standard program. Apply through PG&E at www.pge.com.
- f. Tax credit may not exceed amount of federal taxes owed; federal tax credits maybe included in lease credits from manufacturer and/or dealer.
- g. Must reside in the Northern Sonoma County Air Pollution Control District (NSCAPCD) and subject to program rules - visit NoSoCoAir.org.
- h. Subject to NSCAPCD income qualifications - visit NoSoCoAir.org.

Customers are responsible for ensuring that dealers accurately reflect the dealer/manufacturer credits and the SCP customer incentive in the purchase/lease documents. Customers are responsible for applying for and providing necessary documentation for all state and local rebates and federal tax credit.
